MYSORE

OFFICE OF THE COMPTROLLER OF MYSORE,
Bangalore, 22nd February 1889.

From

A. RANGASWĀMI IYENGAR, ESQ.,

Comptroller of Mysore.

To

The Chief Secretary
to the Dewan of Mysore.

SIR,

With reference to your No: 7009/506 dated 28th February 1888, I have the honor to submit a Comparative Statement of the work done in all the Distric Treasuries of this Province together with a similar Statement showing their past and pres Establishments.

An attempt has been made to get as clear an idea of the work of each Treasury as possible as to the total amount of all Receipts and Disbursements, Numbers of the Registers kept, of items in many of the important ones of Pensioners of various Sorts of Savings Bank and other Accounts and of the Subsidiary Returns and Vouchers &c.,

I think a very fair Estimate may

be thus formed of the Assn by work turned out. On a careful consideration of the Statement I am of opinion that the work in the Mysore District is the heaviest Chiefly because of its having 13 Talukas, besides a larger number of Civil Courts and Public Works Department Divisions than any other District and on account of its being at the Capital of the Province. Bangalore comes next and Shemoga third. Kolar Tumkur and Hassan may be classed together, Chitaldroog and Kadur be placed last.

Some number hands had been sanctioned in 1879 for Bangalore and Mysore. But in 1882 an additional Shroff on Rs. 15/- was allowed to Bangalore on account of Railway and Abkary transactions; and one Accountant on Rs. 20/- was accorded to Bangalore and to Mysore in 1886 on account of Savings Bank work.

In the Territorial Changes of 1882/3 an Accountant on Rs. 20/- was transferred from Shemoga to Kadur and in the subsequent Changes of 1886/87 this post in the

the latter D^o^ at was abolished.

One hand on Rs: 15/. has transferred from Kadur to Hassan on the recommendation of this Office in D^o^ 3071 dated 14^th^ December/. I would now recommend that two Clerks on Rs: 15/ each might be sanctioned for Mysore. Bangalore has at present one hand on Rs: 15/ in excess; and as there is no need of a third Shroff owing to the Resident's Treasury receiving all Railway receipts and owing to the payments by the Cobkarry Contractors being generally in Currency Notes ~~His hand~~ he may be utilized in doing Office work and Mysore will have only one hand in excess. Hassan may be allowed an Accountant on Rs: 15/ to complete the Complement.

It will be seen that Chickmaglore has got a hand on Rs: 15/ too many and I think that he may be easily dispended with. But as the Deputy Commissioner and Treasury Officer were strongly of opinion that he could not be spared, I hesitate to recommend his transfer or reduction. If the Dewan should agree in my opinion the Deputy Commissioner

Commissioner may perhaps be asked to reconsider the points. There are some differences as regards the number of Demobbed this is probably due to their being included in the Establishment of the Deputy Commissioner.

I beg that early orders may be passed as the Mysore and Hassan District Treasuries have long since been complaining of heavy work and as my proposals were long delayed in order to obtain detailed statistics of work.

SIR,

In continuation of my letter No. 3613 dated 22nd February 1889, I have the honor to enclose in original letter No. 633/Mis 1 dated 9th December 1889 from the Deputy Commissioner Hassan District forwarding a copy of letter No. 182 dated 2nd December 1889 from the Treasury officer Hassan District requesting that for the reasons therein stated, another hand for the Treasury may be appointed, and to request that the early orders of the Dewan may be obtained on my letter quoted above.

Sir.

I have on a former occasion brought to your notice the very pressure of work in this district Treasury and the urgent necessity of strengthening the establishment. The Treasury Officer has again represented the difficulty experienced in getting through the work. I enclose copy of his letter for your information. You will please note that even the Roorwadas cannot be

hypothetically checked. I beg therefore again to solicit your influential support for this application and to request that you will obtain early sanction of Government to the same.

Sir,

In continuation of this office letter No 31 dated the 4th May 1887 requesting that another hand on Rs 20 to this office as recommended by the comptroller in his letter No 3071 dated the 14th December 1886 may be applied for, I have the honor to inform you that the present staff of officials is quite insufficient even to get through the daily routine work of the Treasury department, and to bring to your notice that in this office there is not a separate accountant

as in other District Treasuries to check Rosawadas received from Taluks on the correctness of which all the accounts depend; and that the Comptroller to the Government of Mysore has issued strict orders to the effect that the Cash account and all the subsidiary Returns must be prepared and submitted so as to reach his office by the tenth of every month. Vide his circular No 1720 dated the 6th July 1889.

Even now, the officials are really overworked in getting the accounts prepared and submitted to the Comptroller and other officers, within the prescribed time. The transactions in Taluk Treasuries will be very heavy during the collection seasons, and consequently, as a matter of course, the want of sufficient number of hands in this office will be very keenly felt, and delay in submitting the accounts at the proper time may

may result.

The Head and deputy accountants Jeevanow and Gunesaumipillay are really overworked. They have to attend the office both in the morning and evenings out of office hours to prepare the Returns in time, and they have been ill for the last two weeks.

Under these circumstances I beg you will be pleased to apply to the comptroller for another accountant to this office

From

P. N. Parangiya Esqre
Deputy Commissioner

To,

The Chief Secretary
to the Government
of Mysore

Sir,

The present office Establishment in the account and English departments is not sufficiently strong to cope Efficiently with the work that devolves upon it. The consequence is that though these officials work very hard during and out of office hours from early in the day till late in the night they are generally overtaken by work. I should like to ensure a more

Thorough Examination of Taluk accounts, a more timely Submission of my Returns to the Several central offices, and a more systematic maintenance of Excise and Forest accounts combined with an Effective check and control over matters appertaining to these important branches - I should also desire to see the English Department get through its routine without being compelled alternately to postpone the registering packeting or assortment and records of correspondence on the one hand or the preferencing of letters, the fair copying

of drafts or decyphering of the letters on the other - I have watched and waited long before I made up my mind to urge this necessity for increase of working hands -

It is not possible, without unduly lengthening this Communication, to enter into its full details - I might however point out that no circumstance has transpired since the disruption of the late District and the re-organisation of the present to reduce the quantity of English work transacted in the English department, so as to justify the reduction of the Establishment in this branch which

was made in 1886, as is Exhibited in the Co-parative Statement given in the margin - On the other hand the development in Subsequent Years of Coffee industry, the multiplication of Supervising head Offices like those of Inspector General of Forests, of the Excise Commissioner, and of the Director of Statistics, the introduction of the British Post and Telegraph, the opening of the Railway and the start of Gold Mines have increased correspondence in English to a very great Extent in spite of Every Effort

English Department	Assist. Head before the reduction of 1879	Assist. Head before the reduction of 1882	As it stands at present	Remarks
	Head Clerk 100 Rs 1st Clerk 60 Rs 2nd Clerk 40 Rs 3rd Clerk 30 Rs 4th Clerk 25 Rs 5th Clerk 20 Rs	Head Clerk 80 Rs 1st Clerk 50 Rs 2nd Clerk 35 Rs 3rd Clerk 30 Rs 4th Clerk 25 Rs	Head Clerk 80 Rs 1st Clerk 50 Rs 2nd Clerk 35 Rs 3rd Clerk 30 Rs. 4th Clerk.	A reduction by one hand in 1882 and a further reduction of one in 1886.

to curtail it. I have not mentioned the frequent copying of Criminal Records of cases committed to the Sessions.

Likewise in the account branch the whole time of one accountant has to be devoted to Forest matters. The more methodical administration of Excise has rendered it necessary to give greater attention to it and to exercise a more vigilant control. This Extra work interferes with the Scrutiny and preparation of other Revenue accounts. It is always a fair test to measure the work of the accountants by the Revenues involved - Judging

by this standard this District does not lose by comparison with Kadur District and so far as Chitaldrug is concerned I believe the quantity is nearly double. And yet during the late re-organisation the scale of Establishment that was adopted was not that of Kadur or Kolar, as it should have been, but a new and reduced one which is found to be ill suited to the conditions and requirements of this District. I had on a former occasion represented that despatch of Vernacular work was

greatly retarded by the
weakness of the Vernacular
Record department which
could not answer all
requisitions for references
promptly. A temporary
official was sanctioned.
This arrangement has greatly
improved matters but the
relief is only a temporary
one and the inconvenience
is not permanently removed.
I beg that these circumstances
may be kindly urged for
the consideration of the
Dewan and his sanction
obtained at an early date
for the establishment of

(1) one English Clerk on 25 Rs

(2) one Accountant on 20 Rs and

(3) one Assistant Record Keeper on } 20 Rs

This addition to the Strength may be sanctioned from the 1st of March if possible

Sir,

Adverting to the enclosed Proceedings of the Govt of Mysore. No 23/2 of 12th ultimo, I beg to refer you to my letter No 142/5 of 6th September 1887 anent the reduction of the Nagar Jemantas appointment the Treasurer and the final orders of the Diwan sanctioning the retention of the hand on question conveyed in his Pro No 1607-8 of 8.11.87

I have in my letter quoted above clearly represented that the work in the

District Treasury is so very heavy that it does not at all [illegible] of any reduction.

Comparatively speaking the work in the Cash Department especially casting Currency Notes remittances to be made & received, and sale and receipt of stamps is very great & the only hand so taken away (Issuer Guards) now given to the Treasurer to aid him in writing up the daily transactions Registers and in the compilation of the Weekly fortnightly, monthly and Annual Accounts the work would surely be crippled I would once more beg to state that the duties of the Treasurer is very onerous and responsible; the services

of a Sumastra is an my humble
opinion indispensable
in the Cash Department

The work in the Computing
branch has already been
overwhelming since the
abolition of the Sumastras
appointment in January
1887. The untimely sub-
mission of the monthly
returns owing to the
insufficiency of the
working staff, have
more than once been
noticed by the Comptroller-
hence it could easily
be presumed that no
possible help can

be given from this Department

It is still under contemplation to apply at least for the appointment of a Disbursing Officer and the Computing branch on keeping the Vernacular Journals and Registers.

Under the circumstances represented I submit that you may be pleased to urge once more that the proposed retrenchment is not feasible and the transfer of the hand is not possible.
